

SmartDashboardData

```
classDiagram
    SmartDashboardData <|-- Button
    Button <|-- NetworkButton
```

A UML class diagram illustrating inheritance. At the top is the 'SmartDashboardData' class. Below it is the 'Button' class, with an upward-pointing arrow indicating inheritance from Button to SmartDashboardData. At the bottom is the 'NetworkButton' class, with an upward-pointing arrow indicating inheritance from NetworkButton to Button.

Button
